- German - Native
- English - Very good
- French - Basic
- Spanish - Basic

MULTIDISCIPLINARY GAME ARTIST

Game artist and visual designer with three years of professional game-creation training and hands-on production experience across six solo games and five game jams. Focused on stylized environments, UI/UX and visual storytelling, with engine knowledge that supports practical implementation and cross-disciplinary collaboration.

SELECTED PROJECTS

BEDTIME IS A LIE | Graduation Project · UE5 · Solo · 6 months

Created the complete visual and interactive experience for a single-room paranormal observation game, including concept, 2D/3D art, environment, UI/UX, lighting and Blueprint systems. Designed 33 anomalies around observation, readability and atmosphere.

STRANGE DAY | 4th Semester · Unreal Engine · Solo · 6 months

Built a complete first-person puzzle game around a connected villa, covering concept, environment art, 3D/2D assets, UI, lighting, game design and Blueprint implementation.

DUNGEON DIVER | 5th Semester · Unreal Engine · Solo · 6 months

Designed a UI-only digging game where the environment functions as the menu. Built object-based navigation, interaction states and a shovel that serves as both cursor and progression tool.

LOST LITTLE BOY | 1st Semester · Unity · Solo · 6 months

Created pixel art, animation, level design and UI for a 2D platformer built around distinct elemental worlds and a consistent visual language.

TEAM PRODUCTION

5 GAME JAMS · Character design, 2D/3D assets, environment work, rigging, textures, concept development and production coordination across rapid team projects.

EDUCATION

2023 - 2026 | PROFESSIONAL GAME CREATION TRAINING, DRESDEN

Three-year practice-based training across game art, 3D/2D, UI/UX, level design, game design, Unreal Engine and Unity.

2021 - 2022 | SOCIOLOGY STUDIES, 4 SEMESTERS

2016 - 2019 | ABITUR, HEALTH & SOCIAL AFFAIRS

ADDITIONAL EXPERIENCE

2019 - PRESENT | BARNEBY - THE GAME BAR, DRESDEN

Customer-facing work in a fast-paced team environment, strengthening communication, reliability, flexibility and calm execution under pressure.
